Branch (Plague)

Subject

Letter No.658P. dated the 21st September 1903, from the Senior Surgeon and Sanitary Commissioner with the Govt. of Mysore, in re the grant of an allowance to the Chief Plague Officer at Mysore.

In Order No.176-8 dated the 17th August 1903, Assistant Surgeon Mr.Kuppusami Mudr. was appointed Chief Plague Officer, Mysore, and the question of giving him an allowance in virtue of his being so appointed was held over for future consideration.

2. The Senior Surgeon in his present reference reports that the provision of Rs200/- claimed by the President under the head "allowance to Chief Plague Officer" has been disallowed for want of authority as also a sum of Rs120/- being the pay of the Health Officer, seeing that the latter has been relieved of plague duties and that his pay should therefore no longer be debited to Plague Funds. The view taken by the Senior Surgeon in the latter instance appears correct.

3. As regards the allowance to the Chief Plague Officer, the Senior Surgeon is of opinion that "if at all Govt. are prepared to sanction any allowance" the amount may be fixed at Rs200/ a month.

4. Both Messrs.Wetherall and Achyuta Rau were drawing Rs200/ as Chief Plague

5. 1ng 12
The file has been submitted to the Dewan for perusal. Extract of the order is filed up.

5 When I suggested the appointment of Mr.Kuppusamiaa Mudaliar as Chief Plague Officer, I believe I recommended that in consideration of the arduous and risky nature of his duties in that capacity, he should be given the allowance which on a previous occasion he had been drawing. I believe the Dewan was not opposed to this but preferred deferring the question for separate consideration and orders.Mr.Kup-pusami Mudaliar has fully justified the selection. On the present occasion, he has been doing much more work than on the last. He has by his tact,intelligence, ability and industry, inspired confidence in the people and has in no small measure popularized our plague measures in the City. The Isolation Hospital under his management is being freely resorted to. There is overwhelming evidence that both patients and contacts are receiving at his hands the most considerate attention. Under these circumstances, I beg strongly to recommend that, as a special case, he be given the allowance which has been proposed for him and which he fully deserves.

6 The Health Officer's case is being separately dealt with in another connection. Unlike previous years, he is this year doing no Plague work, the whole of which including the charge of the Isolation Hospital and disinfection operations has devolved upon Mr.Kuppusami Mudaliar. The Plague Budget should not therefore be debited with any portion of his pay and allowance.As a municipal servant pure and simple, I am afraid he is a costly luxury. Separate proposals follow.

2/11/03.

7. To enable poor people to evacuate their infected dwellings in the Kupwara city, a sum of Rs 2,000/- was sanctioned from plague funds

S. Rg/12
Dkt/p 176-8 dated 17.8.03

8. The president, in his letter Rg/104 dated the 23rd December 1903, reports, that on account of plague in Holapore the Holeyars of Doddoli Holapore are evacuating their houses and are camping out & that in order to afford them the necessary money relief he has asked the Vice-president, to pay them out of the plague funds held in deposit & requests Sanction for a further Grant of Rs 1,000/- for the above purpose as the amount already Sanctioned in Govt. Pro. Rg dkt p 176-8 dated the 17 August 1903 has been expended.

S Rg 12. Plag 4

Draft Sanction is submitted for approval

Govt. mulled.
These papers were received from the D.C. on the 19th Instant & hence the delay.

19.1.04

19/1/1904

21/1/04

To the Dewan,
through the Hd. Councillor.

I am not sure that they have spent all the money. However the further Grant asked for may be Sanctioned & the account called for as promised by the office. This measure of relief has greatly facilitated evacuation.

8. By notification No.179 dated the 17th August 1903, Mr.Kuppusami Mudr., Asstt. Surgeon, was appoint-ed Chief Plague Officer, Mysore City, and he assumed charge of the duties thereof on the afternoon of the 22nd idem; as Chief Plague Officer Mr.Kuppusami Mudr. was granted an allowance of Rs200/- per mensem.

Sl.No/4
Cl/7

9. On the disappearance of plague , the need for a whole time Plague Offr. having ceased to exist, the appointment was directed to be abolished from the 10th March last, but it was not until the afternoon of the 16th idem that Mr.Kuppusami Mudr. was relieved of his plague duties, that is, 7 days after the date fix-ed by Govt.As to why Mr.Kuppusami Mudr. was not re-lieved of his plague duties on the day prescribed, no explanation is forthcoming.

Order No 1190-105-3-04
Pl. No 20.

10. The Comptroller now requests(No.Pg.984 dated 13th May 1904). to be informed whether the allowance for these 7 days is to be met from Plague or Medical Budget.

11. As Mr.Kuppusami Mudr. was not relieved till the afternoon of the 16th March 1904, draft ~~for~~ debiting, as he was employed on Plague duty during those seven days the allowance in question ~~being~~ ~~debited~~ to Plague Funds , is put up for approval,

GOVERNMENT OF MYSORE

GENERAL (PLAGUE)

PROCEEDINGS

Dated 29th January 1901

No. Pg. 919-22

Approving the proposals of the Plague Commissioner for the reorganization and reduction of the Plague establishment of the Mysore City.

SBP—16-2-1901—200

READ—

Letter No. 3194, dated the 24th January 1901, from the Plague Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to forward herewith with my remarks in the margin, copy of a memo received from the Chief Plague Officer, Mysore City, through the Deputy Commissioner, Mysore district, together with copy of the proposition statement therewith received, containing proposals for the reorganization and reduction of Plague establishments in the Mysore City, and to state that I entirely agree with the proposals made by the said officers. The result of these proposals is that the establishment which now costs Rs. 6,180 per mensem will from the 1st proximo be reduced to Rs. 1,313, of which Rs. 1,119-8-0 will be borne by the Municipality and Rs. 193-8-0 from Provincial (Plague) funds.

No Health Officer has been appointed for the Municipality.

Memorandum by the Chief Plague Officer, Mysore City.

REMARKS OF THE PLAGUE COMMISSIONER.

"Government will have to appoint a Health Officer in consultation with the Senior Surgeon. The pay to be met from Provincial funds and the allowance, if any, to be provided from Municipal funds. The allowance may be Rs. 100 or 150 as may be decided by the Senior Surgeon."

The Chief Plague Office to be abolished and the duties pertaining to the present Chief Plague Officer to be performed by a full-time Health Officer appointed by the Municipality. The Health Officer will work under the orders of the President. He will be provided with office establishment as shown below :—

	Rs.
Head clerk	25
Statistical clerk	20
Mutsaddi	15
Dafadar	8
3 Peons at Rs. 6 each	18
Total ...	86

DEPUTY COMMISSIONER'S REMARKS.

The Hospital Assistants in charge of Municipal Dispensaries may, for the present, be appointed as Registrars.

2. The Ward offices and the establishments pertaining thereto including the supervisors, to be abolished, in lieu of them Registrars to be appointed.

1 Registrar for Nazarbad and Ittigegud.
1 Do Lashkar Mohalla.
1 Do Mandi do
1 Do Krishnaraj do
1 Do Chamraj do
1 Do Devaraj do
1 Do Fort.
1 Do Kannegaudankoppal, Padavarhalli and Ontikoppal.

The Hospital Assistant in charge of the Nazarbad Dispensary to be the Registrar of Nazerbad and Ittigegud. The Hospital Assistant of Erangere Dispensary to be the Registrar of Lashkar Mohalla. The Hospital Assistant of Old Agrahar Dispensary to be the Registrar of Chamraj Mohalla. Registrars for other mohallas to be appointed. These, if possible, to be Medical men not lower in rank than Hospital Assistants of the 2nd grade, to get an allowance of Rs. 20 per mensem (including the plague allowance) in addition to their pay.

3. Under each Registrar, Sub-Registrars to be appointed, the number varying according to the extent of the area or number of houses under each jurisdiction :—

2 Sub-Registrars for Nazerbad and Ittigegud.
3 Do Lashkar Mohalla.
3 Do Mandi do
2 Do Krishnaraj do
2 Do Chamraj do
2 Do Devaraj do
2 Do Subarban villages.

The Sub-Registrars to be paid :—

	Rs.
1st Class 9 at	10
2nd do. 7 at	8

REMARKS OF THE DEPUTY COMMISSIONERS.

"In addition to the two midwives now attached to the Dispensaries, three nurses would do."

4. Five Plague nurses or, if funds permit, five midwives in additon to the two Municipal midwives now in work, to be employed and one midwife attached to each mohalla.

5. The duties of the Registrars will be :—

(1) to receive under the Epidemic Diseases Regulation, reports of all arrivals to, and departures from, their divisions.

(2) to see sick cases reported.

(3) to control the movements of the people residing within their jurisdiction, and

(4) to take necessary action in all plague cases, to register and certify all births and deaths and, in short, to exercise all the powers now conferred upon and all the duties pertaining to the Ward Civil and Medical Officers.

The Sub-Registrars will assist the Registrars in maintaining the several registers prescribed and do the duties now pertaining to the supervisors.

The midwives to be employed in observing and examining, when there is need, gosha and other females that object to be seen and examined by men.

6. It shall be the duty of every house-owner or head of a family to report under the Epidemic Diseases Regulation at the Registrar's office of the mohalla or division, he may be residing in, all arrivals at, departures from, sickness, births and deaths that may occur in his house or family.

7. Arrivals, departures and births should be reported within 24 hours; sickness and death immediately. A certificate of death must be obtained in every case of death from the Registrar who shall grant it, if necessary after inspection of the body with as little delay as possible.

8. The Registrar shall maintain in his office correct registers shdwing particulars of people residing within his jurisdiction. These registers shall be posted every fortnight from the information furnished by the householders and that collected by the Sub-Registrars.

He shall maintain a register of births and deaths and sick cases as per forms accompanying. A clerk and a peon should be given him.

DISINFECTION.

9. Under ordinary circumstances, and when there are not more than six houses or so for disinfection during the day, the establishment to be of the strength noted in the margin.

		Rs.
1. Inspector on	...	20
2. Gangmen at Rs. 10 each	...	20
18. Coolies at Rs. 7 each	...	126
Store-keepr allowance	...	10
Compounder	...	8
Peon	...	7
Total	...	291

The strength to be temporarily increased as necessity arises. On the other hand, when for any continued time there is no house to be disinfected, the disinfecting establishment might be done away with altogether.

10. *Plague Hospital.*—Under ordinary circumstances and when the number of patients is not more than 20, the establishment to be maintained will be as shown in the margin.

		Rs.
1 First Class Hospital Assistant	...	60+20
1 Clerk	...	15
1 Compounder	...	9
Wardens 3 Male ~~nurses~~ at	...	12 each.
3 Female do	...	12 "
1 Male toti	...	10
1 Female toti	...	10
1 Vakkaligar cook	...	10
1 Lingayat do	...	10
1 Brahmin do	...	15
1 Gasal	...	10
1 Dhobi	...	8

As the number in the Hospital increases, however, additional men and women should be entertained in accordance with the wants.

When plague is severe and the number of the sick in the Hospital is 30 and above and the Contact Camp is large, a Medical officer not below the grade of a Sub-Assistant Surgeon of two or three years' standing to be placed in charge with a subordinate establishment equal to the necessity of the movement.

General (Plague), dated 29th January 1901.

11. *Sanitation, &c.*—One Sanitary Inspector is not enough for such a big city. There ought to be at least two qualified and certificated Sanitary Inspectors under the orders of the Health Officer. The duties of the Sanitary Inspectors will be :—

(1) attention to road scavenging.
(2) attention to house drains and service connections.
(3) attention to the defects of public latrines and urinals.
(4) prevention of pollution of drinking water-supply, tanks, reservoirs and channels.
(5) inspection of slaughter houses, cow sheds, stables, &c.
(6) inspection of places where noxious trade and trades injurious to public health are carried on, and prevention of such trades.
(7) inspection of food stuffs in grain shops, sweetmeats and pakoda shops, native hotels, fruit bazaars, &c.

REMARKS OF THE DEPUTY COMMISSIONER.

This is not practicable unless the Municipality undertake to construct extensive cattle-sheds in different mohallas.

Tying up of cattle in the living quarters, that is, in court-yards and front and side and back yards of inhabited houses should be prevented. Each mohalla should have its own cattle shed and place for collection of manure. No manure should be allowed to be stored within the town nor brattis (cowdung brattis) allowed to be prepared in the town. No lime kilns or preparation of oil by the boiling process should be allowed in the town.

REMARKS OF THE PLAGUE COMMISSIONERS.

"The Municipality should move in the matter and build cattle-sheds to meet the requirements of one or two mohallas."

REMARKS OF THE PLAGUE COMMISSIONER.

"If the present Regulation does not provide for this, power may be applied for and legislation suggested."

Dhobis and barbers should be registered and none of these two classes allowed to ply his trade for a fixed period or till the locality is pronounced free of infection by the Health Officer on the occurrence of infectious or epidemic disease in his house.

The prevention of tying up of cattle and preparation of brattis will be no easy matter and may cause inconvenience and rouse opposition.

Means should be adopted therefore to take the head-men of the Agricultural community into confidence and with their help effect the needful.

Moreover the construction of cattle stalls, stables and manure-godowns will cost a lot of money. As, however, in the long run it will be greatly for the benefit of the community in general, the amount may be spread over a couple of years or more and the needful got done.

12. *Police Staff.*—To guard the Plague Camp eight constables in charge of a Lance Dafadar will be permanently wanted, as thousands of rupees have been spent on the sheds in the camp and great care and watchfulness would be necessary to keep them from being damaged. To guard the strong room in the Ward office, four constables are required.

13. In addition to the above, during the prevalence of plague and at its height, police men for guarding the outposts will be necessary.

14. A Police guard for taking charge of the property left in infected houses or handed over by merchants and others during the prevalence of plague in the City, will have to be entertained. This when occasion arises, might be of the strength shown in the margin.

1 Police officer on Rs. 20.
8 constables at Rs. 7 each.

15. Regarding the cost of the proposed establishments, it is considered fair that the Municipality should bear the major portion of it.

16. The entire cost of registration of births and deaths should be paid out of Municipal funds, as it is a charge properly debitable to these funds.

17. Half the cost of disinfection should be met from Municipal funds.

18. The cost of the Plague Hospital should be met in ordinary times, from the Municipal funds. The Government, however, may give help when plague rages and the cost of the establishment rises high.

19. The Health Office establishment, the Registrars and their establishments and the establishment attached to the Epidemic Diseases Hospital (Plague Camp) will be borne on the permanent lists.

20. A statement showing the present and the proposed scales of establishment is hereto appended.

Register of Deaths in Municipal Division No. of Mysore City.
